DEVICE FRAMES

Onboarding Experience

WHAT YOU'RE SEEING

The new onboarding flow reduces steps from 7 to 3, prioritizing identity verification and first transaction setup.

COMPLETION RATE

72% → 89%

TIME TO COMPLETE

4.2 min → 1.8 min

DROP-OFF AT STEP 2

31% → 12%

DEVICE FRAMES

Dashboard Redesign

Key Change: Consolidated navigation from 12 items to 5. Reduces task completion from 6 clicks to 2.

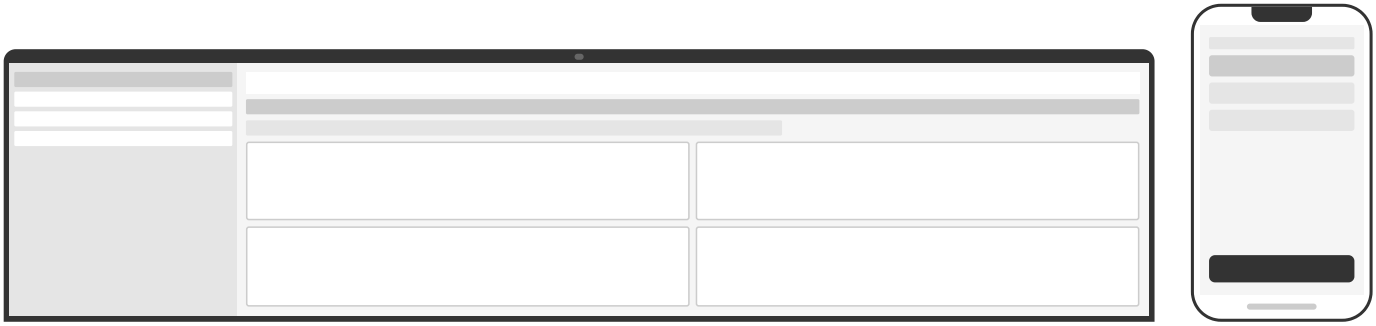
DEVICE FRAMES

Send Money Flow

Average completion: 47 seconds · 3 screens · Zero dead ends

DEVICE FRAMES

Cross-Platform Experience



Feature parity maintained across platforms. Responsive layout adapts navigation, card density, and input patterns.

DEVICE FRAMES

Before & After

BEFORE

→

AFTER

WHAT CHANGED

- Removed intermediary confirmation screen
- Added inline exchange rate preview
- Simplified recipient selection to 1 tap
- Added progress indicator at top

DEVICE FRAMES

Annotated UI Review

DEVICE FRAMES

A/B Test Results

VARIANT A (CONTROL)

CTR: 3.2%

VARIANT B (WINNER)

CTR: 5.1%

Result: Variant B outperformed by +59% ($p < 0.01$). Key driver: above-the-fold CTA.
Recommendation: Ship Variant B to 100% of traffic.

First-Time Experience

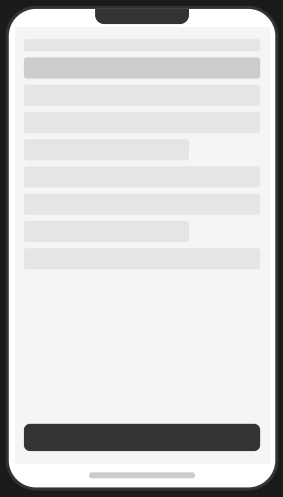
The moment a new user sends their first dollar. Every pixel earns trust.

01 Name recognition — we greet them

02 Rate shown before they ask

03 One-tap recipient from contacts

04 Confirmation in < 3 seconds



DEVICE FRAMES

Agent vs. Customer View

CUSTOMER SEES

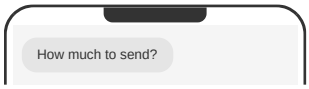
Customer Experience
Simplified: status, timeline, next action.

AGENT SEES

Agent Experience
Full context: history, flags, escalation tools.

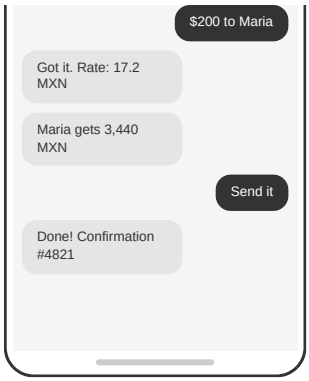
DEVICE FRAMES

Conversational Experience



WHY CONVERSATIONAL

WhatsApp-native interface mirrors the platform users already trust. No app download. No new UI to learn.



4 Avg messages to complete

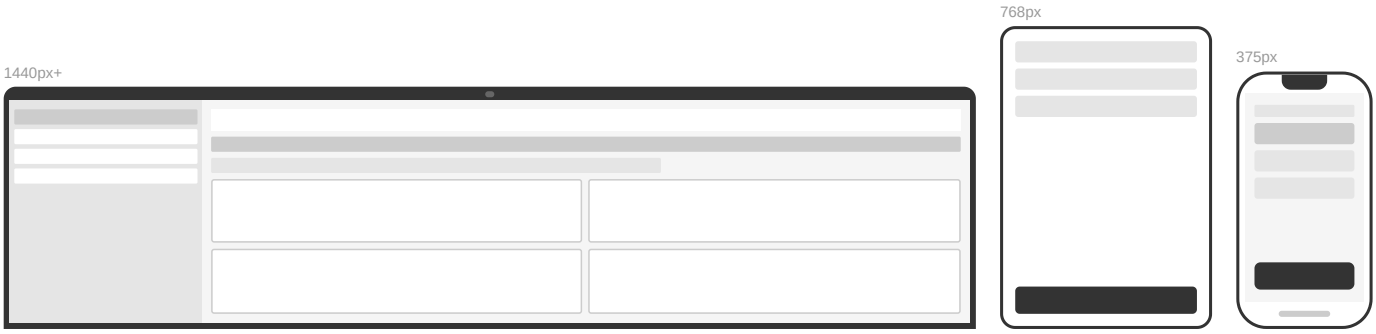
47s Time to first transaction

4.8/5 User satisfaction

6% Fallback to human rate

DEVICE FRAMES

Responsive Design



Breakpoint Strategy: Desktop: 2-col sidebar · Tablet: stacked, collapsible nav · Mobile: bottom tabs, card-based, sticky CTA

Product Ecosystem

How our surfaces work together to deliver a seamless experience.

WHATSAPP

Primary transaction channel.

MOBILE APP

Account management, history, KYC.

WEB DASHBOARD

Admin tools, reporting, bulk ops.
